Dear Harold,

Thanks for your letterx of the 2nd. It's not clear exactly what items from the last newsletter you wanted. I've enclosed #141, 145-6, 147, 148, 156, 160, and 163, plus the "Panorama" transcript. Most of the reviews of Tony's book -including all the British ones - are, I think, not worth your time. Quite uninsightful and non-substantive, in xxx general. There'll be more Summers material in the next newsletter.

In haste,

Paul
